Capabilities Statement

Corporate Overview

The joint venture (JV) is a small, disadvantaged business under the Small Business Association (SBA) 8(a) Business Development Program, headquartered in Washington D.C. While PCI|Bhate JV LLC can pursue a variety of different opportunities across the Department of Defense (DoD) and other Federal agencies, market targets include the U.S. Army Corps of Engineers (USACE), U.S. Air Force Civil Engineer Center (AFCEC), and the Naval Facilities Engineering Systems Command (NAVFAC).

Targeted services include: environmental remediation; Hazardous, Toxic, and Radioactive Waste (HTRW) Remediation; environmental compliance, including fence-to-fence services; and other related environmental segments. Both firms supporting this JV deliver excellence to our corporate clients, separately as well as teamed.

The PCI | Bhate team stands ready to support any business development engagements. For further information about our companies, please visit our websites: pci-gs.com and bhate.com.

A Joint Venture between Bhate Environmental Associates, Inc and the Poarch Band of Creek Indians (PCI Government Solutions, LLC)

Capabilities Statement

Corporate Overview

PCI Government Services (PCI-GS) is a certified 8(a) Small Disadvantaged Business (SDB) that is wholly owned by the Poarch Band of Creek Indians (PBCI). PCI-GS meets SBA requirements as a small business and also has significant, large business resources at our disposal. The PBCI enterprise represents holdings in excess of \$2B, annual revenue of ~\$1.5B, and >7,000 employees. This experience and resources translate to reduced risk for government agencies and forms the backbone for team success.

Our services and capabilities include:

- Environmental Services
- Acquisition Management
- Project Management
- Software Development
- Data Analytics
- Enterprise Information Technology (IT)
- Cyber Security
- DevSecOps
- Systems Engineering and Integration

Capabilities Statement

Corporate Overview

Bhate Environmental Associates, Inc. (Bhate) is a SB that provides a diverse range of technical services in the environmental and infrastructure markets to the federal government and private industry. Headquartered in Birmingham, AL, our reach is both national and global. Bhate provides experience with a results-focused culture that has allowed us to expedite remediation, HTRW, compliance and infrastructure projects, and savings for our clients through innovations and schedule discipline. In the last 10 years, Bhate has completed >\$520M in task orders at DoD and other federal installations, under both firm-fixed price and cost reimbursable IDIQ contracts. Our experience eliminates any learning curve and reduces performance risks to the Government.

Our services and capabilities include:

- Environmental Remediation
- Environmental Compliance
- Bulk Fuels Storage Facilities
- Construction Services
- Abatement/Demolition
- Commercial Services
- Rapid Disaster and Infrastructure Response

Why PCI|Bhate

- Direct source opportunity; up to \$100M sole source to DoD; \$25M to other federal agencies
- Help clients meet SB and 8(a) requirements
- An expedited acquisition and project initiation process
- Easily leveraged when contract vehicle options are limited
